Site license	\$ 4,600.00

Licenses can be assigned by device, by user or a combination of both  
 Licenses can be reassigned anytime and are universal Windows and macOS compatible

All site license options will allow unlimited installations across a school/campus plus all enrolled students and staff can install the application(s) on their own personal devices

For orders of up to 10 licenses the SRP per license is **\$90.00 ex** each. Single licenses are to be installed on 1 computer for shared use, or each individual can install the license on the computer(s) they own or control. Single licenses aren't universal so the end user would need to choose the Windows or macOS version

**Product codes (all examples are for 100 licenses):**

AP	Affinity Photo
AD	Affinity Designer
APB	Affinity Publisher
